- Maintained *Mindsight Institute's* website.
- Created first version of the *LearnDC* website.
- Maintained Drupal version of the *Youth Service America's* website.

Education

Tyumen State University – Tyumen, Russia
Master's Degree in Computer Science, 2003 – 2009

- Emphasis on System Engineering and Information Technologies.

Numbers

Presshub.io, Inc

- Built content distribution platform and launched a company in **3** months. Currently I have a number of clients using it and the project supports itself.

Chapter Three.

- At Chapter Three, I maintained about **220** websites.
- Migrated over **70** websites from .NET system to Drupal 7.
- Wrote about **18** blog posts on a company website, including blog posts about Drupal 8.
- Over than **95%** of all projects launched on time.

Urban Insight, Inc.

- At Urban Insight, Inc, I launched and maintained around **50** websites.
- About **94%** of them build using Drupal. **1%** WordPress sites. **5%** of .NET projects.
- I maintained around **26%** of all those projects. In average I maintain **3-5** sites at a time.
- Around **80%** of my estimates are correct and features are implemented within the estimate or even in less time.
- Around **30%** of projects were migrated either from other CMS or older versions of Drupal to the most recent.
- My salary has grown over **175%** since I started working at the company.

- Custom e-commerce module I developed increased the number of sales on one of the sites by about **10%**.
- Over than **95%** of all projects launched on time.

Freelance

- I maintained around **10** sites on my spare time.
- **5** of them nationally recognized companies.
- **100%** of all projects delivered on time.
- **90%** of my clients are hiring me for their new projects.

Hobbies

- I am building a new startup and learning iOS and Android development to solve global problems.
- When time permits I am preparing myself to become a pilot.
- Built several successful open source projects (Wordpress and Drupal plugins)
- Oil painting and photography.
